### Rich Little Endowment Fund for the Performing Arts

This program was designed specifically to assist young emerging artists in the continuation of intensive professional training in the performing arts (dance, theatre and music).

In 2019, local arts training organizations with solid track records of providing professional arts training to young adults were invited to act as third-party recommenders in a partnership approach to the awarding of funding. Each organization selected two to three deserving students to receive a grant, funded through the Rich Little Endowment Fund.
